The Respondent should make every effort to keep the project in compliance during the affordability period by leasing the next available unit to an individual at the income level needed for compliance.

3. The minimum level of HOME dollars invested per project is \$1,000 per HOME assisted unit. For example, for a 20 unit in which 15 units are assisted with HOME funds, the minimum amount of HOME dollars is \$15,000. This is a per unit average for all invested per project to an average of \$40,000 per unit for up to a maximum of 30% of the total units or a maximum of \$21,000 per unit if HOME subsidies are requested for more than 30% of the units.
